Book Ball Sponsorship Opportunities

Proceeds to benefit NUMC's "Reach Out and Read" Program

"Reach Out and Read" is a program that promotes early literacy and school readiness in the NUMC Pediatric Clinic. New books are given to children and advice is given to parents about the importance of reading aloud at pediatric visits from birth to five. The waiting room is transformed into a space that promotes literacy by providing education, books and volunteer readers. Studies show that children who experience Reach Out and Read start school more prepared to succeed and with larger vocabulary and stronger language skills compared to their peers! NUMC sees thousands of young children per year and "Reach out and Read" is an important strategy to promote their lifelong success.

Did you know that the brain develops at the fastest rate in the first few years of life? In fact 700 new neural connections are formed every second and reading and interacting with caregivers' help development happen in a healthy way. Children's language development, which is nurtured through reading, conversation and warm relationships, is a big predictor of how children do in school and in life, and children that start behind, stay behind. Many families don't have the resources to buy books, or the awareness about how important reading and learning is in the earliest years.

YOU CAN MAKE A BIG DIFFERENCE!!!

Table Sponsorship: \$1000

Table of 10 at the Book Ball, Centerpiece with Your/Company Name, Your/Company Name Listed on the Sponsor Board that evening, and Full Page Ad in Event Journal

Event Journal: 8 ½" x 11" Journal Distributed at the Book Ball
