

SWYC Milestones Scoring Sheet

The SWYC Milestones is a 10-item questionnaire that parent's fill out about their child's development. There are screens available from birth-5 years old. This document focuses on the screens that cover 9-34 months old. The age ranges for these SWYC's are:

- 9 Months: 9-11 months
- 12 Months: 12-14 months
- 15Months: 15-17 months
- 18 Months: 18-22 months
- 24 Months: 23-28 months
- 30 Months: 29-34 months

For each item, a parent can choose which of three answers best describes their child, in which:

- Not Yet= 0 points
- Somewhat= 1 point
- Very Much= 2 points

1. To score, add up the total number of points. Any missing items count as 0 points.

2. Determine what specific age the child is (i.e. 11 months for the 9 month SWYC, etc.)

3. Refer to the score charts below.

4. Upon scoring the screen:

- If a child is in the average or above average range, highlight the milestones that the child has reached.
- If the child is below average, further investigation and referrals are recommended for any below-average scores.
 - Fill out an Early Intervention referral form and a Health Status Form and hand it to the clerical staff to fax to Early Intervention.
 - Briefly explain that you are referring the child for further developmental screening. Give parents the "Prescription for Early Intervention".

The SWYC 9-Month Milestones screen can be given to children aged 9 months, 0 days to 11 months, 31 days.

Age	Further investigation needed (REFER TO EARLY INTERVENTION)	Below Average Range (Use clinical judgment)	Average Range (Celebrate with parents!)	Above Average (Celebrate with parents!)
9 months	<8	9-11	12-15	16+
10 months	<10	11-13	14-17	18+
11 months	<11	12-14	15-17	18+

The SWYC 12-Month Milestones screen can be given to children aged 12 months, 0 days to 14 months, 31 days.

Age	Further Investigation Needed (REFER TO EARLY INTERVENTION)	Below average range (use clinical judgment)	Average range (Celebrate with parents!)	Above Average Range (Celebrate with parents!)
12 months	<9	10-12	13-16	17+
13 months	<10	11-13	14-17	18+
14 months	<11	12-14	15-18	19+

The SWYC 15-Month Milestones screen can be given to children aged 15 months, 0 days to 17 months, 31 days.

Age	Further Investigation Needed (REFER TO EARLY INTERVENTION)	Below average range (use clinical judgment)	Average range (Celebrate with parents!)	Above Average Range (Celebrate with parents!)
15 months	<9	10	11-17	18+
16 months	<9	10-12	13-17	18+
17 months	<9	10-13	14-18	19+

The SWYC 18-Month Milestones screen can be given to children aged 18 months, 0 days to 22 months, 31 days.

Age	Further Investigation Needed (EARLY INTERVENTION)	Below average range (use clinical judgment)	Average range (Celebrate with parents!)	Above Average Range (Celebrate with parents!)
18 months	<4	5-9	9-16	17+
19 months	<5	6-10	11-17	18+
20 months	<6	7-11	12-17	18+
21 months	<7	8-13	14-18	19+
22 months	<8	9-14	15-18	19+

The SWYC 24-Month Milestones screen can be given to children aged 23 months, 0 days to 28 months, 31 days.

Age	<i>Further investigation needed (REFER TO EARLY INTERVENTION)</i>	<i>Below Average Range (Further investigation recommended)</i>	Average Range	Above Average (and +)
23 months	<5	6-10	11-17	18+
24 months	<7	8-11	12-17	18+
25 months	<7	8-12	13-18	19+
26 months	<8	9-13	14-18	19+
27 months	<9	10-14	15-18	19+
28 months	<10	11-15	16-18	19+

The SWYC 30-Month Milestones screen can be given to children aged 29 months, 0 days to 34 months, 31 days.

Age	<i>Further investigation needed (REFER TO EARLY INTERVENTION)</i>	<i>Below Average Range (Further investigation recommended)</i>	Average Range	Above Average (and +)
29 months	<6	7-9	10-17	18+
30 months	<5	6-10	11-17	18+
31 months	<6	7-11	12-18	19+
32 months	<7	8-12	13-18	19+
33 months	<7	8-13	14-18	19+
34 months	<8	9-13	14-19	20+
