

Resource Directory

HOW TO USE THIS GUIDE: Resources are divided into sections based on the severity of the concern. For example, parenting groups and breastfeeding support can be helpful and sufficient for some mild to moderately depressed caregivers. Use the EPDS (Edinburgh Postnatal Depression Scale) and PHQ-9 (Patient Health Questionnaire-9) score suggestions to help choose a resource. Please note that most physical resources are located in Nassau County unless otherwise specified.

**Helplines, Text Lines, Connection to additional resources
Suggested for EPDS Score: 0 to 4 or PHQ-9 Score: 0 to 4**

Helplines are phone numbers anyone can call for support, referrals, assistance in accessing services, and crisis intervention. Offer helpline phone numbers to all patients, regardless of score on depression screen.

Name	Contact	Services	Languages	Fees/Notes
Postpartum Resource Center of New York	(855) 631-0001 (631) 422-2255 www.PostPartumNY.org	Statewide, toll-free line available 9-5 PM M-F, Free and confidential emotional support, education, healthcare and support group resources	English, Spanish	Free
